

VOLGOGRAD STATE MEDICAL UNIVERSITY

Volgograd State Medical University (VoISMU) was established in 1935. The Public University has emerged as a hub for comprehensive healthcare education, medical practice, research and development. In Russia, the University is ranked at 5th position in Medical Studies. The college has the privilege to enroll, undergraduate and postgraduate students, from over 50 countries. The teaching staff of the University numbers 763 highly qualified professors and instructors with 11 academicians, 96 professors and 401 associate professors among them. The academic programs are run by 66 departments of the University. At present about 5000 citizens of Russia and countries of the former Soviet Union and 900 international students from India and 70 other foreign countries attend the University. About 70 overseas doctors are engaged in postgraduate study at the University every year.
